

One Day Mini-Area Conference 2017

Social-Emotional Needs of ELLs: Implications for Instruction

Janet N Zadina

The Hidden Learning Disabilities of
Language Learners: Science and Strategies

Language learners can often struggle in school and the underlying causes of this are not always evident. Neuroscience research is revealing several hidden processes that can create learning difficulties. Discover what is and isn't true about "brain-based" learning. At least 30% of students have enough anxiety to impair learning. Learn how stress impairs academic performance and how to reduce this obstacle to achievement. Learn from an Educational Neuroscientist the science and strategies that can enhance learning. While language learners benefit strongly, this information applies to all struggling learners.

Come prepared to laugh, learn, and engage and leave with science-based strategies for enhancing and energizing instruction.

Saturday, October 21, 2017

7:30 am – 8:30 am

registration, breakfast, exhibits

8:30 am - 1:00 pm

conference

Michael's Banquet

4885 Southwestern Blvd
Hamburg, NY 14075

One Day Mini Area Conference

Social-Emotion Needs of ELLs: Implications for Instruction— 2017 Registration Form

\$30/person

**** SORRY, NO ON-SITE REGISTRATION. PRE-REGISTRATION ONLY ****

**** NO PURCHASE ORDERS OR CROSS CONTRACTS ****

Name _____ School District _____

Work Address: _____

Email: _____ Telephone: _____

Please mail your registration form with check or money order (payable to Erie 1 BOCES) by **October 6, 2017** to:

Dawn Novak, Erie 1 BOCES, 355 Harlem Rd, West Seneca, NY 14224,

Confirmation sent by email when registration and payment are received

Questions: Call Dawn @ 716-821-7531 or dnovak@e1b.org

Registration includes breakfast buffet
